Volume 17, number 6

Newsletter

Sept, 2007

The monthly meeting was started by Kirk Darroch promptly at 7pm on August 21st.

We had one visitor named Ron Reed from Plano.

Announcements

The **August** and **September** meetings are held at The Turning Point over in Garland to try and avoid some of the summer heat. Directions can be found near the end of the newsletter.

Next month's demo will be a tour of the Turning Point along with a demonstration of the large CNC machines they use everyday.

Munawar Soomro had a problem with stain being removed from his project as he was putting on an additional protective layer. He was offered a few suggestions by those present. The consensus seemed to be to add a layer of shellac on first.

Members expressed their concern about the newsletter updates on the web. We will look into getting the letter updated on both the Yahoo news group where it currently is being posted as well as on the group web site.

Anyone with library materials checked out should keep them until the October meeting when we resume our meetings at Owen's shop once again.

Membership Dues are due.

The fee is \$24. Be sure to bring your money to next month's meeting.

E-mails Ed. Note: all e-mail recipients must be members of the Yahoo groups.

Dues and Other News

Visitors are always welcome of course, but if you are a regular attendee and have not joined the club, please remedy that oversight. **The club needs your financial support.** Please give your dues to **Dick Koch** at the meeting or mail it to the PO Box. **The new club year is now here, so dues are due.**

Dick also has some new NTWA directories available. Please contact him if you did not get our directory. Nametags are available at the meeting. **With so many new members, it is difficult to keep track of all the names. Please announce your name and/or wear a nametag.**

Web News

Mark Simon has made many updates to the website. Take a look at www.ntwa.org There is a special space for members to display some of their work.

Library

The materials in the library (housed in **Owen Haggard's** shop) are available on a one-month loan **to members only**. If you have materials checked out, please return them ASAP. (But please wait until the October meeting when we're back at Owen's once again.)

Show and Tell

Greg Glennon brought in a ribbon bowl he made on the lathe. It was a stave project that was turned, cut, and reassembled to form the ribbon.

Steve Yauch bought in an old hard drive to demonstrate to everyone that they can obtain very strong magnets for use in their shop with very little work.

Munawar Soomro brought in a number of children's puzzles he cut from plywood using his Carviewright machine and his scroll saw.

Pete Yavner brought in a lidded salt box he made out of cocobolo. He also showed off a

very nice cheese board and knife set. He resawed a piece of crotch magnolia for the board and turned the handle of the knife.

Bill Jacobs brought in one of the very ornate crosses he cut on his scroll saw.

George Thornton brought in a pneumatic European style cabinet door hinge that he found much cheaper than the \$12/hinge price he was originally quoted. He paid only \$3 per hinge. He also showed off some base levelers and some full extension drawer slides that were only \$4 a set. Go to www.woodtechnology.com to find these deals.

Sydney Furtnell brought in pictures of the beautiful bed frame he made out of quarter-sawn white oak.

Kyle Henderson brought in his child hood toolbox still full of its original set of tools.

Remember to bring in your show and tell items as it makes the meetings more entertaining and informative as well as giving you a chance to win money!

The more people who bring in items, the more drawings we'll have at that meeting to increase your chances.

Raffle

Woodworld generously donated 3 wine stopper blanks along with a bottle stopper kit. They also donated a bottle stopper mandrel and 2 finished bottle stoppers.
Thanks for the wonderful donation to the club!

We also had a Wixey angle gauge from the club to add to the drawing.

Bottle stopper set – Walt Schuster
Bottle stopper set – Munwar Soomro
Bottle stopper set – Dan Pulgase
Bottle stopper – Wendel Borough
Bottle stopper mandrel – Daniel Dain
Bottle stopper – Robert Pope

Every month we will hold a raffle for members for woodworking prizes. Tickets are 1 for \$1 of 5 for \$5.

Program

The demo this month was provided by Craig Fyock from Woodworld. He brought in his midi lathe to show us all how to turn bottle stoppers. He also demonstrated his very durable "super glue" pen / bottle stopper finish technique.

Classified

For those club members who have something for sale, you can list those objects in the newsletter by calling or e-mailing any board member with the information. You can also put them on the web site by contacting **Mark Simon**.

I've been contacted by someone getting out of woodworking. He has a stack of Maple, Cherry, and Walnut that he would like to unload. He's asking for \$900 for the entire load. He also has various tools for sale including a barely used Delta Unisaw with accessories, a Delta Contractor saw for \$300, and a Craftman 4" table top joiner and 1 3/4 hp router for \$20 each. If you are interested, contact **Chris** in Frisco at **972-345-5968**.

Jim Dawson, (214-808-8084) NTWA club member has the following items for sale:
